With Hashem's help and the Rebbe's brachos, Mikvah.org is excited to announce the launch of a Taharas Hamishpacha Helpline, staffed by experienced certified Kallah Teachers, and Rabbinically endorsed by a committee of prominent Chabad Rabbonim who are experts in this field.

The Helpline is a dedicated woman-to-woman phone service where women can ask their questions relating to Taharas Hamishpacha. During its hours, the Helpline will provide the callers with a welcoming environment for a woman to ask her questions and gain support in this Mitzvah.

If the question needs to go to a Rav, the Helpline Staffer will have easy access to contact the Rav for the caller or can facilitate the conversation between the caller and the Rav.
